Free PDF Quiz Oracle - The Best 1z1-902 Valid Test Objectives Setting Up a Connection to an Access Database, High social status, We pledge you will not regret for choosing us, We believe all people can pass exam if you pay attention to our 1z1-902 exam collection.

We are never trying so hard just for fishing for compliments, Now, you may need some useful and valid study material to help you, And our 1z1-902 learning questions are well-written to be understood by the customers all over the world.

Are you preparing for the 1z1-902 learning materials recently, Software Compatible with all OS and Devices, The questions 1z1-902 latest practice dumps are refined from the previous **1z1-902 Valid Test Objectives** actual exam, and the corresponding answers are accurate and complied by the professionals.

You will learn a lot from the 1z1-902 exam, not only from our high quality 1z1-902 exam pass-sure files, but also an attitude towards lifelong learning from 20-30 hoursâ€™ about Oracle Exadata Database Machine X8M Implementation Essentials guide torrent.

We can be your trustworthy source for Oracle Exadata Database Machine X8M Implementation Essentials exam, our advantages are specific, Do I need to choose between Oracle Exadata Database Machine X8M Implementation Essentials dumps PDF and Oracle Engineered Systems 1z1-902 practice test questions software?

Free PDF Oracle - 1z1-902 - Oracle Exadata Database Machine X8M Implementation Essentials â€œTrustable Valid Test Objectives

Oracle exam preparation is a hard subject, As a company **1z1-902 Valid Test Objectives** which has been in this field for over ten year, we have become a famous brand, With "reliable credit" as the soul of our 1z1-902 study tool, "utmost service consciousness" as the management philosophy, we endeavor to provide customers with high quality service.

=High success rate, For 1z1-902 exams our passing rate is even high up to 100%, The web application can tailor its operations to your needs, likes and dislikes by gathering and remembering information about your preferences.

You may know that we are so popular for the passing rate of our 1z1-902 guide quiz is very high, Whatâ€™s more, we will give some promotion on our 1z1-902 pdf cram, so that you can get the most valid and cost effective 1z1-902 prep material.

NEW QUESTION: 1

Which two features are new in VTPv3? (Choose two)

- A. extended VLAN support
- B. using multiple switches in the server role
- C. private VLAN propagation
- D. transparent mode
- E. support for token ring VLANs

Answer: A,C

NEW QUESTION: 2

- A. Option D
- B. Option C
- C. Option A
- D. Option B

Answer: B

NEW QUESTION: 3

You use a portable computer that has Windows 7 installed. The computer has a single hard disk drive and a dual-core CPU. You need to analyze the performance of the computer to meet the following requirements:

- Include the CPU, Memory, and Disk subsystems.
- Display real-time performance.
- Obtain a list of users who have logged on by using the same tool.

What should you do?

- A.** Open System Properties, and configure user profiles settings.
- B.** Open System Properties, and configure performance settings.
- C.** Open Performance Monitor, and customize the System Monitor view.
- D.** Run the Windows Experience Index.
- E.** Open System Properties, and configure environment variables.
- F.** Configure Event Viewer subscriptions.
- G.** Run powercfg.exe.
- H.** Open Task Manager.
- I.** Open Performance Monitor, and configure a Data Collector Set.
- J.** Open System Properties, and configure the page file settings.

Answer: H

NEW QUESTION: 4

Refer to the exhibit.

This is the configuration of the ASBR of area 110. Which option explains why the remote ABR should not translate the type 7 LSA for the prefix 192.168.0.0/16 into a type 5 LSA?

- A.** The ASBR originates a type 7 LSA with age equal to MAXAGE 3600.
- B.** The remote ABR translates all type 7 LSA into type 5 LSA, regardless of any option configured in the ASBR.
- C.** The ABR clears the P bit in the header of the type 7 LSA for 192.168.0.0/16.
- D.** The ASBR sets the forwarding address to 0.0.0.0 which instructs the ABR not to translate the LSA into a type 5 LSA.

Answer: C

Explanation:

When external routing information is imported into an NSSA, LSA Type 7 is generated by the ASBR and it is flooded within that area only. To further distribute the external information, type 7 LSA is translated into type 5 LSA at the NSSA border. The P-bit in LSA Type 7 field indicates whether the type 7 LSA should be translated. This P-bit is automatically set by the NSSA ABR (also the Forwarding Address (FA) is copied from Type 7 LSA). The P-bit is not set only when the NSSA ASBR and NSSA ABR are the same router for

the area. If bit P = 0, then the NSSA ABR must not translate this LSA into Type 5.

The nssa-only keyword instructs the device to instigate Type-7 LSA with cleared P-bit, thereby, preventing LSA translation to Type 5 on NSSA ABR device.

Note. If a router is attached to another AS and is also an NSSA ABR, it may originate a both a type-5 and a type-7 LSA for the same network. The type-5 LSA will be flooded to the backbone and the type-7 will be flooded into the NSSA. If this is the case, the P-bit must be reset (P=0) in the type-7 LSA so the type-7 LSA isn't again translated into a type-5 LSA by another NSSA ABR.
